URGENT MESSAGE FROM DR RIMA LAIBOW: PRIORITY #1: GET OUT OF THE UN. DO WHAT YOU CAN FOR THIS. (MUCH LOWER PRIORITY: WHO)

ELSA
MAY 27

Dr Rima Laidow has an urgent message:

How about we all stop wasting our time on the WHO, an irrelevant pimple on the ass of the UN, which is the real beast: the WHO is merely one of its many stalking horses.

After all, if we were to leave the WHO tomorrow, Agenda 2030, the Great Reset, the Digital Gulag and all of the other horrifying assaults on humanity would still be solidly in place.

The UN beast has many tentacles but there it is: the UN Death Machine that must be defeated if humanity has a chance to survive. All of our sufferings are managed through, created by, and implemented via the UN, which is simply a country club – a group of unelected nobodies.

Right now the US Congress has before it the Disengaging Entirely From the UN Debacle Act of 2023 (HR: 6645/ S 3428). You can read the Act at that link and take action to support it there.

Once this bill is passed with enough votes to override the inevitable Oval Office veto, the US will exit the UN, WHO, WTO and all other organizations and obligations of this disastrous machine, eliminating the threat of Agenda 2030, the Pandemic Treaty, the International Health Regulations, One Health, 15 Minute Cities, UNDRIP, etc.

If you truly care about the survival of humanity, you will reach out to your circle of influence, readers and followers and urge them in the strongest possible terms to support this bill by **taking action here**,

and sharing this link with great urgency with everyone they can reach.

The UN Death Machine is set to consolidate its global power with the utterly cataclysmic Pact for the Future on September 23, 2024, after which there will, quite literally, be no chance of withdrawing from anything ever again.

If you would like to reach out to me for further information, please feel free to do so. My email is Dr.Rima@NaturalSolutionsFoundation.com. If you would like to ask me to appear on your show, podcast, forum, symposium or other venue where this message can be shared, the answer is, "Absolutely yes".

We are facing an enemy more well-organized and pernicious, and more comprehensively brilliant, than any in humanity's history. They have laid these pits of destruction for us for more than 140 years and they are just about to spring the final traps.

Are we really going to let them while we focus on secondary issues, each of which is urgently important, but none of which is the root of the problem.

The root of the problem, the cancer, the source of the rot, is the UN Death Machine.

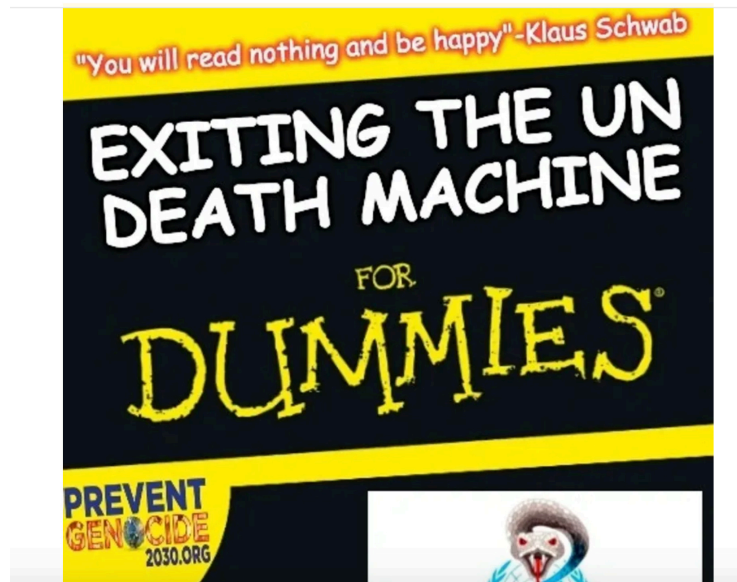

By the way, at the same link, PreventGenocide2030.org, you will find a legal memo making it clear that the UN, like every other country in the world, is NOT in a treaty obligation with the UN, WHO or any other part of the UN system since treaties only exist between sovereign nations, which the UN is not and never can be.

Thus, all obligations to them are based in fraud and thus null and void.

And we MUST get out of the UN Death Machine before it destroys everything in its path, including humanity.

Please help. Massive public pressure will pass this bill. Nothing else will.

Yes, please help. Go to <https://PreventGenocide2030.org> Do what you can. Take a step. Millions of us taking a step. It moves mountains.
